

Acme Freight - Renewal Risk (sample)

Account: account:acme-freight CSM: user:jordan Team: group:sales

Stage: negotiation - decision expected this quarter.

Revised annual quote is \$61k, up from \$48k after the pricing review.

A competitor is rumored at \$52k. The deal-desk floor is \$58k per year.

Renewal risk: HIGH - price gap plus an active competitor.

Play: lead with the dispatch integration and the 95% tracking SLA;
bridge the price gap with a multi-year term, not a discount below the floor.
